A passionate and enthusiastic 2025 Computer Science graduate aspiring to become a Software Fullstack Developer. Strong knowledge in Python, Sql, Html, Css, JavaScript,Bootstrap and Django. Demonstrates excellent communication and collaboration skills, with a keen interest in learning Java and NoSQL technologies. Committed to mastering full-stack development and contributing to the entire software development lifecycle through continuous learning and practical implementation.

PROJECTS AND INTERNSHIPS

Training & Coaching:

Python Full Stack Development – JSpiders, Bangalore

Duration: May 2025 – Present

Completed intensive training covering full-stack development technologies including Python, Django, HTML, CSS, JavaScript, Bootstrap, SQL, and basic NoSQL concepts. Gained hands-on experience in building web applications using both frontend and backend technologies.

Strengthened debugging and problem-solving skills through practical assignments and projects.

Red Wine Quality Prediction using Machine Learning:

Developed a machine learning model to accurately predict the quality of red wine based on its physicochemical properties such as acidity, alcohol content, and sugar levels. Applied data preprocessing and model training techniques using Python libraries to enhance prediction accuracy.

Web Development Intern – EduPhoenix Private Limited: Nov 2023 – Dec 2023

Gained hands-on experience in core web technologies including HTML, CSS, and JavaScript. Understood the differences between front-end and back-end development, and learned to design and develop user-friendly, responsive web pages.

Python Programming Intern – MotionCut: Nov 2024 – Dec 2024

Acquired strong fundamentals in Python, including syntax, data structures, loops, conditional statements, arrays, and strings. Developed programs focused on problem-solving and data manipulation tasks.

SKILLS

Technical Skills

Languages/Frontend: HTML, CSS, JavaScript, Bootstrap

Backend/Database: Python, SQL

Others: Basic understanding of NoSQL, problem-solving, debugging

Soft Skills

Time Management: Efficient in handling multiple tasks and meeting deadlines

Communication: Able to clearly explain technical concepts in teams

Adaptability: Quickly learns new tools and technologies (e.g., Java, NoSQL)

EDUCATION

Bachelor of Technology (B.Tech), Computer Science and Engineering

Siddharth Institute Of Engineering and Technology, Puttur

CGPA: 9.12 | Graduation: April 2025

Intermediate – Maths, Physics, Chemistry

Dr. M.S.M.N Govt. Junior College, Nagari

Percentage: 84% | Completed: Dec 2021

SSC – 10th Standard

Z.P. High School, Gundrajukuppam

GPA: 9.2 | Completed: April 2019

ACTIVITIES

Coding & Automation – Enjoy solving logical problems on HackerRank and automating tasks using Python

Watching Tech News – Stay updated on software trends and innovations

Video Editing – Perform basic video edits for academic or personal use

Quick Learner – Constantly exploring new tools and platforms
